RUTHERFORD TECHNOLOGY HIGH SCHOOL NEWSLETTER

25th August 2017

Email: rutherford-h.school@det.nsw.edu.au

www.rutherfordhs.nsw.edu.au

Telephone: 4932 5999

Fax: 4932 8166

FANTASTIC RESULTS AT NATIONAL COMPETITION.

After winning the Gold Medal at the State School Aerobics Competition, Rutherford Technology High School Aerobics Team secured entry into the National School Aerobics Championships and competed at the Gold Coast on 6 August 2017. The team was in the Stage 1 Classic division of the National Championships and had to perform a set choreographed routine which is a challenge within itself. After being given their routine, the team quickly put their hours of pre-training together to develop the routine. The team improved their score each time and after three rounds were eventual winners!

Mrs Stork, who has been coaching the team, also travelled to the Gold Coast to support the team and then presented them with their Gold Medals at the School Assembly on Thursday 17 August 2017.

A great result for the first year of the school having an Aerobics team and even better as New South Wales has not won the event in the past twelve years. Teams from Victoria were quite surprised and shocked at the result, as their state has always dominated the event. Well done!

INFORMATION FOR PARENTS

A reminder to parents that if your child is unwell whilst they are at school there is a procedure that must be followed. The student needs to ask their teacher for a yellow note to go to the front office. Once they present at student services a phone call shall be made to the relevant parent/carer to come and collect the student. At no time should students be calling home from their mobile phones to be picked up from school. Following the established rules avoids parents arriving at the front office and having to wait for an extended period of time while their child is sent for from their classroom.

Thank you for your understanding of this important issue.

SENIOR EXECUTIVE REPORT

As a parent, I know the stress that can be the evening routine! Can I encourage you to take time to involve your young people (regardless of their age) in conversations about their learning from the day and don't start with - what did you learn? This will most certainly be met with a response of - nothing. Ask them about a subject in particular or a fun activity they may have been involved in. The home learning environment plays a large part in the success of a young persons learning and this is just another positive way we can work together to help our young people achieve the best possible outcomes.

SOCIAL MEDIA

As most parents would be aware, your children must be thirteen to be able to join Facebook. I am aware that there are many parents out there making their children adhere to this legality. We applaud you for holding strong in what example you are setting. We are also extremely pleased to know that many parents of students over the age of thirteen are ensuring they are one of their child's Facebook friends or know their child's password. Well done, you are acting protectively and supervising from the sidelines. Many of our students lie about their age - that is, they are making a false declaration. There is a reason why the legal age for Facebook in Australia is thirteen. There is an assumption that by that age children will have been taught (and understand) the implications of using social media. It is anticipated that the child will have gained a strong moral purpose and be able to differentiate between what is socially acceptable and lawful and what could be considered libellous and unlawful. We have spent the last three years teaching our students about respect, responsibility, commitment and the digital footprint that they leave behind. Recently, we have had an increase in the number of students reporting inappropriate messaging and or comments on social media. Whilst social media can be a very valuable tool, we are asking parents to be vigilant and monitor their child's social media use.

UNIFORM

We have seen a significant improvement in school uniform this term. A larger proportion of students are wearing the correct school jumper. Please refer to the school website for the correct school uniform that can be purchased from our uniform shop. As we approach the warmer weather, please ensure that your child is wearing the correct school shorts.

PROCEDURE REMINDER

I would like to remind parents that whilst we encourage parent/teacher interviews at any time of the year. We recommend that parents ring in advance to organise these. Often the Principal and Deputy Principals are booked days in advance and classroom teachers have teaching responsibilities. Making a pre-arranged appointment time will alleviate long waiting periods in the front office foyer.

The staff parking area and bus stop are not drop off and pick up areas for students. Parents/Carers are reminded to park accordingly on Avery Street when dropping off and picking up their child/children.

We understand that on occasions students may need to leave school early for specific appointments. Early leave notes must be handed into the office before school or at recess only. Students will then be given a printed slip that will allow them to leave class and or school early.

YEAR 11 EXAMS

Year 11 will sit their yearly exams from the 11 – 15 September. Staff will supervise these exams. Students need only to attend school when they have an exam. Parents will be emailed more information during Week 7. Students will be issued their timetable during Week 7.

YEAR 10-12 TASKS

Students and parents are reminded that if a child misses an assessment task due to illness and misadventure they must complete an illness and misadventure form within three days of their return to school. Relevant documentation needs to be attached to this form and submitted to their classroom teacher. Weekly lists are placed in the student services area for students to check if they have missed handing in any assessment tasks.

YEAR 10 SUBJECT INTERVIEWS

Thank you to the large number of parents that either attended and or emailed/phoned about the interviews. It was overwhelming to see so many families take a valued interest in their child's senior schooling choices. The students displayed a positive a mature approach towards the process and are all to be commended. I personally would like to thank all of the staff who invested hours into ensuring our students are given the best possible career path for the future.

POSITIVE BEHAVIOUR FOR LEARNING

Our new PBL signs have arrived in the school and they look fantastic. These signs clearly outline the expected behaviours that we have in various areas of the school. This includes the office, assembly, hallways, playground, canteen and classrooms. Teachers will be referring to these signs when redirecting student behaviour.

Kylie Fabri

Deputy Principal

Rutherford Technology High School celebrated National Science Week with some exciting events. Students from 10Science1 and 11Physics took part in a live Webinar with a panel of Space Science Researchers and Entrepreneurs hosted by the CSIRO. They then had the opportunity to participate in a CSIRO STEM in Schools Event with the CSIRO Representative. The STEM challenge given was for the students to make a parachute from plastic freezer bags, string, tape, paper, straws and pipe cleaners and then test them to see whose was most successful. The students were guided by Andrew Allport from CSIRO and had some additional assistance from local MP, Meryl Swanson.

Whilst the conditions were not favourable, with strong westerly winds blowing, the teams took up the challenge of testing their parachutes with the winners being Mikayla Nisbet-Gore and Monique Jones and a close second was Emma Turner and Shanin Patwary.

SHOW TEAM

Rutherford Technology High School Show Team have been busy preparing for a few upcoming events. Show Team Students have been getting our steers, 'Ace' & 'Spades' ready for the Muswellbrook Cattle Camp being held 25-27 August 2017 and they will then participate in the Tocal Live Show Day on 19 September 2017. We wish the team the very best for their events.

As part of National Science Week, Education Perfect held the 2017 Science Championships where students can compete against friends, classmates and of course other schools.

Our Year 7R & 8R Science Classes entered into the championships with the students really getting behind the competition and their classrooms a buzz of excitement and determination! Students were also able to continue with the challenge outside of school hours to build on their points.

The Championships have strict timings, rulings and point scoring and is a great way for students to extend their knowledge of Science. The point scoring system is based on three elements: Fact Mastery Questions, Skill Mastery Questions and Exercise Questions with some elements giving bonus points.

Well done on achieving an outstanding point score!

YEAR 7 SCIENCE UPDATE

7L – Celebrated National Science Week in the Lab concentrating on Photosynthesis and the Growth of Plants.

PHOTOS OF 7L SCIENCE GRASS HEADS

7R – Science have been working through the Chemistry topic of '*Mixtures and Separations*'.

The final project for the topic required students to make a poster on one separation technique used within industries or home. For example, the water bottling industry using filtration to make clean water for drinking.

The students did an amazing job of creating eye-catching posters and this research engages students to think about future science jobs. Perfect timing for National Science Week!

A SELECTION OF YEAR 7 POSTERS

Tell Them From Me: Parent survey

You're invited to participate in the *Tell Them From Me (TTFM)* Partners in Learning survey, designed for parents and carers. This survey complements the TTFM student and teacher surveys, which focus on student engagement, wellbeing and effective teaching practices. All Department of Education schools have the opportunity to participate if they choose.

Why should I participate?

Parents and carers are an important and valued part of the school community. Schools will be able to use the survey feedback to make practical improvements and inform their school plan.

What does it involve?

This is an online survey that takes about 15 minutes to complete. It is anonymous, and voluntary. If you have more than one child at this school, and feel that your children's experiences differ, you can complete the survey more than once.

How can I participate?

You can access the survey in your own time, between 21 August and 13 October 2017. Follow the link below on your computer, tablet or smartphone:

<https://nsw.tellthemfromme.com/rths2017>

The survey is available in English, Arabic and Chinese (Traditional). After clicking on the link above, parents will have the option to choose their language.

More information on the Partners in Learning survey can be found on the NSW Department of Education's TTFM website:

<http://surveys.cese.nsw.gov.au/>

If you have any questions please contact Simone Hughes Deputy Principal

ON ELECTION DAY 9 SEPTEMBER 2017, RUTHERFORD TECHNOLOGY HIGH SCHOOL P&C WILL BE HOLDING A FUNDRAISING BBQ.

GIRLS FOOTBALL

There has been a huge increase in interest in Girls Rugby League over the last few years, which has resulted in an influx of both participation and the offering of girls contact competitions.

This was most recently demonstrated when Rutherford Technology High School entered two teams into the Kasey Drummond Cup and one team into the Isabelle Kelly Cup.

On the day of the competition, our teams showed great sportsmanship and played with pride in their school colours. The Year 8 team was the most successful on the day and despite playing all day without reserves, they entered the grand final without being scored against. Unfortunately, the opposition played well with our team eventual excited runners-up and a source of great pride for our school.

Congratulations to all students and staff.

Chris Crump
PDHPE Teacher

Dear Year 10 Parent or Carer

The *Validation of Assessment for Learning & Individual Development* (VALID) test for Year 10 students will be held between **Monday 28 August** and **Friday 8 September 2017**. The test takes approximately 70 minutes. The *VALID Science 10* test is an interactive, multimedia test completed entirely on a computer.

VALID Science 10 contains multiple choice, short response and extended response tasks that are grouped around real-world issues, including scientific investigations. This is a diagnostic test, with tasks framed on Stage 5 outcomes and essential content in the *NSW Science Years K–10 Syllabus*. Students will be tested on their:

- Knowledge and understanding of science
- understanding and skills in the process of scientific investigation
- ability to evaluate evidence, make judgements and think critically
- ability to access information and communicate scientific ideas.

Students also complete a survey about their opinions, attitudes and values about science.

Since students complete *VALID Science 10* on a computer, each student needs to bring **headphones or earbuds** that plug into a school computer. Earbuds for an iPod or portable player are suitable.

If your child has a disability that needs special consideration or has been educated in English for less than one year, please contact your child's school to discuss special provisions or possible exemption from the test.

Results of the test will be available during Term 4 2017. Information about each student is treated confidentially and held securely to ensure that the right to privacy of all students is maintained. A personal report for each student will be sent to parents/carers to describe the science knowledge and skills demonstrated by the student in the test. There will also be information about how your child's results compare with overall performance of all students in the test.

The principal of your child's school is able to provide you with more details about the VALID program if you require additional information.

Yours sincerely

Jenny Donovan

Executive Director, Centre for Education Statistics and Evaluation
Department of Education

YEAR 12 UPDATE

Planning for the end of year celebrations are well underway as Year 12 continue powering through towards the end of their time here at school. Notes with important dates have been sent home, as well as the permission note for the Taronga Zoo excursion in Week 10. Any students who did not collect either of these notes can pick them up from the Senior Study.

The orange notes requesting tickets for the formal need to have been returned already, though there are a few people who have paid deposits without returning those notes. Students need to make sure they are returned as soon as possible.

The Year 12 Breakfast will be held from 8am - 9am on 21st September followed by the Farewell Assembly at 9.15am.

As this will likely be my last newsletter update for them, Good Luck Year 12. Work hard and make us all proud!

Graeme Buckie

Yr 12 Year Advisor

Attention Year 12 Students

Just a friendly reminder that as you come to the end of your schooling that all Library & Text Books **MUST** be returned to the Library as soon as possible.

If you are unsure of your outstanding loans or have any queries in this regard please see Ms Cooper in the Library.

Thank you for your assistance and cooperation.

BIG THINGS GROW

WOOLWORTHS EARN & LEARN

Woolworths Earn & Learn is back!

Now it is easier than ever to earn valuable resources for our school with benefits such as boosting supplies in classrooms, libraries, music rooms, science labs and also equipment for sport lessons.

It is simple to participate:

From **Wednesday 26 July 2017** to **Tuesday 19 September 2017** (or whilst stocks last) when you shop at Woolworths you can collect Woolworths Earn & Learn Stickers from the checkout operator or through an online order. There will be one Woolworths Earn & Learn Sticker for every \$10.00 spent (excluding liquor, tobacco and gift cards). Place your stickers onto a Woolworths Earn & Learn Sticker Sheet and once the sheet is completed simply place it in the Collection box.

Rutherford Technology High School will have collection boxes located here at the school in the front office and at our local Woolworths stores at Rutherford & Aberglasslyn.

www.jobjump.com.au

Dear Parent,

Your future Career is here.

We would like you to be able to use all parts of the JobJump website to help your son/daughter plan and achieve their Career dreams. It is there to help through to an extra year after their Year 12.

To register with JobJump, go to the front screen of the website at www.jobjump.com.au. Click on **I'm New**. On the new screen, enter into the first white box the first letters of your school's name and **when the full name appears just below in blue**, click on your blue school name and it will enter automatically into the first white box.

In the second white box, enter your school password which is:

enter your school password here

and click Continue. You then need to enter a few details and set your Personal Password. (Min 6 characters). So whenever you then come back to Login to JobJump, all you will then need is your email address and Personal Password.

Two things to remember:

1. If you can't find the career from the list offered that suits your son/daughter, select a career which is in the field they like. For example, they may like the field of Tourism and the idea of having a career in the Tourism industry is not a bad idea. In the listing select 'Travel Agent' because all Tourism careers news will come to you.
2. When you register, remember you can select as many careers as you like from the listing. If your son/daughter changes their mind you can alter the choices at any time by going to the black head at the top right hand side after you are Logged In.

Watch the tour of JobJump in the brief video entitled 'Learn JobJump fully in minutes'.

Go the bottom middle part of the Home page.

Once you have registered, you can also use all parts of the website to enjoy all of the following:

- ☐ Year 10 subject selection advice across 100 careers.
- ☐ Writing letters, resumes, what to say to an employer, where to find your future employer.
- ☐ A comprehensive digital ATAR and University Course sorter that works hand in hand with the UAC Handbook making life now a breeze for you to search for your chosen courses.
- ☐ Job vacancies for over 100 options based on your school location.
- ☐ Bonus points,
- ☐ Overseas Exchange,
- ☐ Accommodation across all Universities in NSW and their direct links.
- ☐ Earnings across 300 careers.
- ☐ EAS information.
- ☐ Find my Career quizzes.
- ☐ Hobby projects across 100 careers to inspire and engage students in their career.
- ☐ Interactive yearly calendar across all news items which can be personalised to your careers of interest.
- ☐ Undergraduate scholarship sorter across all NSW Universities.
- ☐ Universities Open Days listing and links.
- ☐ Videos across 100 careers.
- ☐ Gap Year and Volunteering opportunities.
- ☐ Alternative entry to University sorter and links across all NSW Universities.
- ☐ Interstate and overseas University admissions centres' links.
- ☐ Work Experience documentation.... and much more.

We trust you will enjoy using www.jobjump.com.au

Tuning in to Teens

Emotionally Intelligent Parenting

A six-session parenting program
for parents of adolescents aged 12-18years

Where: Rutherford Primary School
Weblands St, Rutherford

When: 9.15am - 11.15am Friday mornings
11th August to 15th September 2017

Call Rutherford Primary School on 4932 5900 or Rutherford Technology High School on 4932 5999 or email Mary.ferguson13@det.nsw.edu.au to register your interest

Assisting you to learn how to:

- be better at talking with your teen
- be better at understanding your teen
- help your teen learn to manage their emotions
- help to prevent behaviour problems in your teen
- teach your teen to deal with conflict

Tuning in to Teens shows you how to help your teen develop *emotional intelligence*.
Adolescents with higher emotional intelligence:

- are more aware, assertive and strong in situations of peer pressure
- have greater success with making friends and are more able to manage conflict with peers
- are more able to cope when upset or angry
- have fewer mental health and substance abuse
- have more stable and satisfying relationships as adults
- have greater career success
- Emotional intelligence may be a better predictor of academic and career success than IQ.

You must register to attend the course and it is open to any member of the community.

The staff and students who are involved in the Breakfast Club would like to acknowledge the generosity of 'Bakers Delight' at Rutherford who now provide us with bread. There are many local businesses who donate their time, service or products to our school. We express our appreciation and hope our school community can reciprocate.

Rutherford Technology High School has an Official Facebook Page – just go to Facebook and look for "Rutherford Technology High School NSW Official Site" and click on "Like".

We will be using the Facebook page to keep everyone informed about events at the school, important dates for your diary, and general information about the school.
