22nd July	Students Return (Term 3)

RTHS SHOW TEAM NEWS

Rutherford Technology High School Show Team students are thrilled to
welcome two new steers, **Tiny** and **Oreo** to the farm.

The team has been busy building trust and rapport with the animals, gently
introducing them to halters and beginning the breaking-in process. It has been
a rewarding experience so far, with students showing great
responsibility and commitment.

Show Team students and staff are working hard toward the goal of
representing Rutherford Technology High School at several local shows
later on in the year, and can't wait to see the progress both the team
and steers make together.

MESSAGE FROM THE DEPUTY PRINCIPAL

As we approach the end of another busy and productive term, staff and students at Rutherford Technology High School are eagerly looking forward to a well-earned break. The last day of Term 2 will be Friday, 4th of July, and we commend all students and staff for their continued effort and enthusiasm throughout the term.

We are proud to announce that both our girls' and boys' football (soccer) teams have progressed to the semi-finals of the Bill Turner Cup competitions. This is an outstanding achievement, and we are incredibly proud of their dedication, teamwork, and sportsmanship.

Our senior students recently attended the Life Ready course in Sydney, an important initiative that helps equip students with practical life skills for life beyond school.

This term also saw incredible participation in Star Struck, with three student dance groups - Mainstream, Aboriginal and Torres Strait Islander, and Support - dedicating hours to rehearsals before proudly performing on the big stage. Congratulations to all the students involved for their talent and commitment, and a special thank you to our staff who served as choreographers - your creativity and support were vital to the success of these performances.

At the MTC (Maitland Tutorial Centre), students have been working hard to earn individual points towards weekly reward outings. This system continues to encourage positive behaviour and engagement.

Student reports are currently being finalised, with our hardworking staff putting in extra hours to ensure families receive detailed feedback reflecting each student's progress and effort. We appreciate the dedication of all teachers during this busy period.

Planning is already underway for house group reward excursions, with teachers and Year Advisers working behind the scenes to create opportunities that recognise and reward positive behaviour.

Our Support Unit students have also had an exceptional term. They've been developing their life skills both in the classroom and out in the community. A special mention goes to Darcie, a Support student who has launched her own school café. Her professionalism, creative menu, and delicious food have made the café a roaring success among staff - an outstanding example of initiative and skill development in action.

Hunter Dance Festival

Congratulations to all our dance elective classes on your successful audition for Hunter Dance Festival.

Tickets went on sale today, 20th June 2025 at 10:00am, and are expected to sell out quickly. Tickets can be purchased from: <https://www.trybooking.com/events/landing/1403537>.

Performance Dates:

Monday 28th July 2025 - Year 8 (Runaway Baby)

Tuesday 29th July 2025 - Year 7 (Fabulous); Year 9 (Hold On) & Year 10 (Feeling Good)

Wednesday 30th July 2025 - Year 9 (to Build a Home) & Year 12 (Judas)

All performances are at NEX (Newcastle Exhibition and Conference Centre) 6:00pm.

As we wrap up the term, we extend our thanks to all staff, students, and families for their continued support and contribution to our vibrant school community.

Wishing everyone a safe and restful break for the upcoming holidays.

Ms Teliah Buckton

Deputy Principal Inclusion and Support

CAREERS

CAREERS/VET FACULTY REPORT

Term 2 was full of exciting opportunities for Rutherford Technology High School students to explore, experience, and expand their career horizons. From industry qualifications to excursions and immersive programs, here's a look at what our students have achieved:

Applying for University Workshop

As part of our Year 12 HSC Skills program university-focused students attended a workshop providing key information on applying for university, early entry programs and scholarships. This session gave students the knowledge to take the next step in their future study pathway.

HSC Seminar Day

30 academically driven Year 12 students attended the HSC Seminar Day at Singleton High School. Students had the privilege to learn tips and tricks from HSC markers and experienced teachers on how to maximise their HSC exam performance and achieve their academic personal best (PB).

Careers and Coffee Afternoon

We hosted our first Careers and Coffee Afternoon for Year 10 families, where students, parents and carers gathered for a relaxed Q&A session. With great conversations we unpacked pathway options, support services, and the value of early career planning heading into senior years.

Employment Pathways Program (EPP) Initiatives

The Employment Pathways Program continued to offer targeted support. Students engaged in tailored career readiness workshops and supported learning activities that built confidence, employability, and motivation. A huge success in helping students prepare for life beyond school.

- **TAFE 'Start Your Future' – Term 2 Short Courses**

Several students enrolled in TAFE short courses across various industries – from healthcare to trades – gaining real skills and insights into future study or work options.

- **HeadStart Pre-Apprenticeship – Metal Fabrication**

Seven students from RTHS took part in this hands-on program, learning the tools and techniques of metal fabrication and getting a taste of life as a tradesperson. A valuable first step toward apprenticeships and trade careers.

- **Hunter Tourism Explorer – Hunter Valley Gardens Excursion**

Students explored the tourism and events industry with a guided excursion through Hunter Valley Gardens. The experience highlighted behind-the-scenes roles in landscaping, hospitality, and event planning.

Daracon Work Site Visit

Our visit to Daracon offered students a unique glimpse into civil construction. From traffic control to large-scale project management, the experience connected classroom learning to real-world application. Also included, was an 8-Day Work Experience Program for 5 students keen to find work with the company.

Hunter Valley Careers Expo

A highlight of the term, the Hunter Valley Career Expo gave students direct access to employers, TAFE, universities, and training organisations. Students were able to ask questions, gather information, and discover pathways they may not have considered before.

144 Year 10 Careers Interviews Completed

In a massive effort to support future planning, our Careers Team conducted 144 individual interviews with Year 10 students. These one-on-one sessions helped students reflect on their strengths, interests, and post-school goals, while also identifying suitable senior subjects, VET options, and work experience pathways.

Ongoing Work Experience

Throughout Term 2, over 20 students from Year 10 and above participated in personalised work experience placements. From early childhood education to retail, trades, and administration, students are getting real-world experience to test the waters in industries they're passionate about.

Advanced Manufacturing - Robotics & Electronics Course

A select group of students took part in a week-long Advanced Manufacturing program, diving into the world of robotics, electronics, and smart systems. Hosted in a purpose-built training environment, the program gave students hands-on experience with cutting-edge technologies shaping the future of industry.

Maitland Hospital Orientation Day

Students interested in health and medical careers attended a special orientation day at Maitland Hospital. This was a prerequisite for future work experience placements at the hospital, giving students a glimpse into patient care, allied health, nursing, and hospital operations.

White Card & First Aid Courses

Two White Card courses and one First Aid course were delivered to give students essential certifications for safe entry into the workplace.

What a term - a huge thank you to our students, families, and partner organisations for making all of this possible. Term 3 promises even more opportunities.

Term 3 Preview

Exciting Opportunities Ahead for Students!

As we head into Term 3, the Careers Team is thrilled to share a range of career exploration and training programs available to students. Whether you're ready to get hands-on, build industry skills, or just start thinking about your future, there's something for everyone.

Employment Pathways Program (EPP)

Our EPP continues to support students seeking alternative learning and employment-focused pathways. Term 3 initiatives include short courses, industry visits, and school-based workshops aimed at building confidence and employability.

TAFE – Start Your Future: Term 3 Short Courses

Applications are now open for TAFE's Start Your Future program. These free short courses are perfect for students who want to explore new skills or work towards a trade or vocational pathway. Spots are limited – apply early.

HeadStart Pre-Apprenticeships – Plumbing & Electrotechnology

Thinking of a trade career? The HeadStart pre-apprenticeship programs offer real exposure to plumbing and electrotechnology. These programs are a fantastic way to try before you commit and gain industry-relevant training while still at school.

In-School MasterChef Challenge – Careers Meets Creativity

Back by popular demand! Our MasterChef-inspired program will run in Term 3, giving students a taste of what a career in hospitality, cookery, or event planning might look like – all while having a bit of fun. Students will plan, cook, and present dishes in a friendly competition environment.

YES CHEF! Program – Kurri Kurri TAFE & Rydges Hotel

For students passionate about food and customer service, the YES CHEF! Program is the real deal. Hosted by Kurri Kurri TAFE and Rydges, this immersive hospitality experience includes commercial kitchen training and front-of-house service skills – a five-star opportunity.

University of Newcastle Schools Visit Day

Year 12 students will have the chance to attend the UoN Schools Visit day and gain an insight into study programs, campus life, accommodation, scholarships and much more.

Want to learn more or register your interest?

See the Careers Team in the staffroom or check the noticeboard for application details and upcoming info sessions.

Year 12 Students Take the Lead in Traffic Control Training

A group of our Year 12 students have successfully completed their **FREE, Department of Education-funded Traffic Control Course** at Maitland TAFE – and they're looking the part too.

Dressed in high-vis gear and confidently handling real-world equipment, the students gained hands-on experience and essential safety knowledge that will help them step directly into entry-level traffic control roles upon graduation.

The course, delivered by industry professionals, focused on practical traffic management skills, including setting up and operating traffic control devices, signage, and signals in accordance with road and workplace safety standards. This nationally accredited training is an incredible opportunity for students to gain a head start in civil construction and road safety roles – all at no cost to them or their families.

Congratulations to our students for making the most of this valuable program and paving the way to a safer, more skilled workforce.

Year 10 Entrepreneurs Step Into Week 2 of Youth in Business

Our Year 10 entrepreneurial minds are now into their second week of the exciting *Youth in Business* program. Delivered in partnership with Eve from Youth Express, the program is designed to inspire and equip students with the practical skills and knowledge needed to transform their hobbies and passions into real-world business ventures.

Held every Thursday morning throughout Term 2, the sessions focus on business fundamentals, creative thinking, and employability skills – all with a strong focus on hands-on learning. This week, students explored the art of brainstorming business ideas and identifying potential opportunities in their own interests.

With limited spots available, our participants are making the most of every moment, from developing ideas on laptops to engaging in lively discussions and planning their very own hoodie or shirt designs.

Stay tuned as these budding business enthusiasts continue to build confidence, take risks, and shape their own pathways to future success.

Thanks for your ongoing support.

Mr Butler & Mr Robertson
Careers/VET Faculty

YOUTH IN BUSINESS

GOT AN INTEREST IN BUSINESS?
CAN I EARN MONEY FROM MY HOBBIES?

A free program to empower students with the skills & information to consider an alternative future pathway; or to profit from their side hustle by providing transferable business, employability & life skills.

Stand Tall 2025

What a Day!

Our incredible Year 12 students had the absolute privilege of attending the Stand Tall 2025 - Life Ready Program, and what an unforgettable experience it was. A roller coaster of tears, laughter, goosebumps, and inspiration, this event reminded us all of the strength, courage, and potential within every young person.

From powerful stories of resilience, to moments of deep reflection and pure joy, Stand Tall delivered everything -encouragement, connection, and the kind of motivation that sticks with you long after the day is over.

We are beyond proud of how our students represented themselves, their school, and their futures. They embraced every moment, every message, and walked away not only standing taller - but dreaming bigger.

Mrs Cooper, Mrs Petersen, Mrs Withers , Miss Judd, Mr Cornick & Rod

Over the weekend 13th & 14th June 2025, 36 of our amazing students were part of the 4,000 performers who lit up the stage at Star Struck Remix 2025. From our talented support students to our dedicated mainstream and Aboriginal and Torres Strait Islander students, every performer brought energy, pride, and passion to this glittering, high-energy production.

A huge congratulations to all students, your hard work, enthusiasm, and team spirit made us incredibly proud. Congratulations also to Mrs Ossington & Mrs Cooper on your choreography and Miss Crump for all your work with the Aboriginal and Torres Strait Islanders Performers. Thankyou to our amazing SLSOs who gave up their time to support our students: Rod, Lisa, Louise, Tracy and Evelyn.

Special mention to Jessica Wilkins in Year 8, who performed in all four shows as a featured Jazz Dancer - what an incredible achievement.

Not only can our students dance, but they can sign as well. Harrison Rodgers, also from Year 8, was a feature artist as a member of the Hunter Signing Choir performing in all four performances.

What an unforgettable experience to be part of such a spectacular showcase of public education and creativity.

Term 2: Week 7 ~ PBL Awards

Year 7

Tayah.H
Gabbriella.S

Grok Academy

Kickstart your tech career with Earn & Learn 🚀

Grok Academy, now part of KIK Innovation, is proud to support WiseTech Global's Earn & Learn program—a game-changing opportunity for Year 12 students passionate about tech.

Over four years, students will:

- 💻 Work full-time as a paid developer
- 🎓 Complete a fully funded software engineering degree (no HECS debt!)
- ☀️ Get mentored by some of the best minds in tech
- 🌐 Build real-world skills at one of Australia's leading tech companies

You'll graduate as a qualified software engineer with a degree and four years of experience—ready to take on the world.

^{NEW}
14 Apply by 29 June for priority selection.

<https://www.wisetechglobal.com/careers/students-and-graduates/earn-and-learn-program/>

earn&learn

Applications for 2026 intake of WiseTech's Earn & Learn program are **OPEN!**

**Kickstart your
tech career**

Join WiseTech straight out of high school as a paid developer with a package valued at ~\$300,000 over four years, covering salary, uni fees, and share rights*.

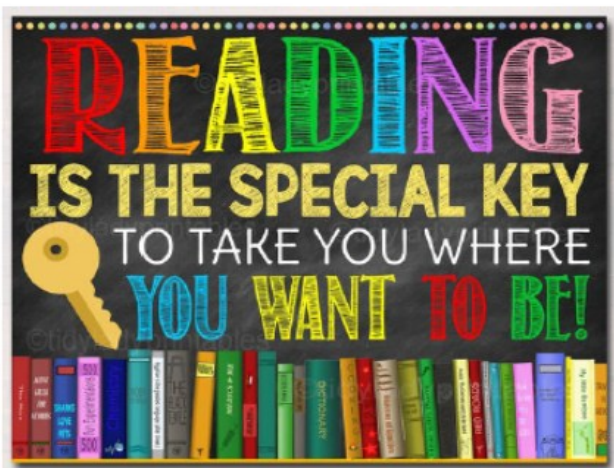

**Gain a university
degree**

Complete a Computer Science degree part-time in four years, with accelerated coursework delivered by WiseTech in partnership with UTS.

**On the job
training**

Join our rotation program for hands-on training, mentoring, and technical education from top industry developers.

RTHS students can easily loan books, eBooks & Audiobooks.

- Students can browse and borrow a wide range of Picture books, Fiction and Non-Fiction books in paperback & hardcopy from the RTHS school library.
 - Students can borrow up to 3 books at one time with a 1 month borrowing period.
- Students can access and borrow eBooks & Audiobooks in the Wheelers collection.
 - Sign In (using student DET login) to <http://rths.wheelers.co/>

Rutherford Technology High School Ebooks

Access our eLibrary anywhere, anytime, on multiple devices.

<https://rths.wheelers.co/>

Apps to access Audio & eBooks.

Home screen once accessed.

- Students can borrow up to 2 books (either Audio or eBooks) at one time with a 2-week loan period.
- Books return automatically after 14 days. If students are still reading, they need to renew the loan.
- Students can reserve books and will receive an email when the loan is ready to borrow.
- Check out the accessibility features to provide a more enjoyable experience when reading.
- There is over 2000 books to select from with new titles being added each month.
- Audiobooks are perfect for students who are hesitant to read.

At RTHS We encourage students to participate in the NSW Premier's Reading Challenge.

If you are experiencing problems or have any further questions with accessing reading material, please contact library staff.

Happy Reading Everybody!

Bakers Delight *Rutherford*
We're for real.

The staff and students who are involved in the Wellbeing programs would like to acknowledge the generosity of 'Bakers Delight' Rutherford who provide us with bread and Woolworths Rutherford who provide us with a variety of fresh fruit.

We express our appreciation and hope our school community can reciprocate.

Woolworths *The fresh food people* **Rutherford**

Rutherford Technology High School has an Official Facebook Page – just go to Facebook and look for 'Rutherford Technology High School NSW Official Site' and click on 'Like'.

We will be using the Facebook page to keep everyone informed about events at the school, important dates for your diary, and general information about the school.
